

Weddings at Sheffield Museums

Make your big day one to remember. Explore our three truly unique wedding venues.

Weddings at the Millennium Gallery

Located in the heart of the city, the Millennium Gallery is home to the very best in art and design. The white walls of its Arundel Room provide a blank canvas for you to create the wedding of your dreams.

Whether it's an intimate ceremony and reception or a large-scale celebration, there are no limits to the colours, themes and styles that the modern, versatile space can accommodate. From vintage memorabilia to flora and fauna or garlands of paper lanterns, we'll work with you to transform this light-filled room into the setting for the perfect day.

You also have the option to continue your celebrations with drinks on the gallery terrace, offering panoramic views of the urban cityscape, and a wedding breakfast and reception in the adjoining Cadman Room.

During the day your guests can explore diverse exhibitions and displays showcasing leading visual art, craft and innovation. The gallery is also next door to the Winter Garden and the Peace Gardens, which provide an oasis of green in an inner-city landscape and a beautiful backdrop for your wedding photographs.

Weddings at Kelham Island Museum

Celebrate something new, somewhere old. Kelham Island Museum combines Steel City heritage with a contemporary urban setting to offer the perfect venue for your wedding day.

Located in the city's most vibrant quarter and set on the banks of the passing River Don, Kelham Island Museum is a striking Victorian landmark which stands on a man-made island over 900 years old.

You'll say 'I do' in the intimate Crucible Workshop or amongst the high ceilings and Victorian tiles of the spacious, flexible Upper Gallery, where celebrations can continue with a wedding breakfast and reception. You'll also be able to greet your guests as newlyweds on the charming, fairy-lit cobbles of Little Mesters Street.

The building's countless original features reflect its rich history and make for beautiful backdrops for your photographs. Celebrating 300 years of Sheffield making and innovation, the museum is home to exhibition galleries just waiting to be explored by your guests.

Making the day even more memorable, guests can also enjoy the show-stopping roar and rumble of the mighty River Don Engine, the most powerful working steam engine in Europe.

For full day weddings at the museum, ceremonies take place from 3pm in the Crucible Shop – one of the last remaining Crucible Works in Sheffield, it seats up to 90 guests and its listed crucible chimney wall defines the room's original Victorian industrial character.
